

## **Mater Lakes Academy Math Summer Assignment 2019**

This year's summer assignment will be completed using the Khan Academy website: [WWW.KHANACADEMY.ORG](http://WWW.KHANACADEMY.ORG). All Mater Lakes Academy students, new and returning, are to complete the summer assignment. The purpose of our summer math assignment is to help retain the skills you learned during the previous school year. Khan Academy is a free online math resource that provides support and skills practice in all areas of mathematics; it can be used through the Khan Academy app or through devices using a regular internet browser.

### **Follow the directions below to get started on the 2019 Summer Assignment:**

- 1) Go to [WWW.KHANACADEMY.ORG](http://WWW.KHANACADEMY.ORG), sign up with your email making sure you use **YOUR FIRST** and **LAST NAME** as your **username/login** in order for your progress to be monitored and easily identified by your teacher.
- 2) Next, click on the "Coaches" tab (at the top, after logging in).
- 3) In order to begin the assignment, the first time you log in you will need to "Join a Class/Add Coach" by entering the class code based on the course you will be entering in August 2019:
  - a. Incoming 6<sup>th</sup> Grade, then enter class code: **R2U2DM6S**  
(Choose Course: 5<sup>th</sup> Grade Math)
  - b. Incoming 7<sup>th</sup> Grade, then enter class code: **DK85EEAD**  
(Choose Course: 6<sup>th</sup> Grade Math)
  - c. Incoming 8<sup>th</sup> Grade, then enter class code: **UQ5SGHGN**  
(Choose Course: 7<sup>th</sup> Grade Math)
  - d. Incoming Pre-Algebra, then enter class code: **2427ZG5H**  
(Choose Course: 7<sup>th</sup> Grade Math)
  - e. Incoming Algebra 1, then enter class code: **EZY4GETX**  
(Choose Course: Pre-Algebra Math)
  - f. Incoming Algebra 2, then enter class code: **9R5NJ396**
  - g. Incoming Geometry, then enter class code: **ZQBGJ24D**
- 4) Now click "Assignments" (at the top of the page after logging in) to start your assignment. Your assignments will appear **AFTER 24 hours**. If your assignment does not appear, look at the top of the screen at your name to see if you have a number (1) indicating a notification. If so, click on that notification to begin.
- 5) You are to click "**START**" to begin the first assignment (**Quiz/Test**) and **MUST** get a grade of 70% or higher to be considered a passing grade and receive credit. If you do not get a passing grade, watch the corresponding videos and work on the practice questions, then re-take the quiz/test. **ALL** of your assignments are the **quizzes** and **tests** for each section/topic.

If you complete skill sets **WITHOUT logging in**, your **activities will NOT be recorded** in your account. Your 2019-2020 math teacher will evaluate your efforts and your work will be assessed during the first couple of weeks of the new school year. This summer assignment will be considered your first math assignment for the 2019-2020 school year. Show pride in your work! With vacations, camps, etc. we understand that there may be some weeks where you may not be able to log on and other weeks where you can spend more time on Khan Academy. The more practice you put in the better, but please do not feel like you need to know everything on Khan Academy or need to spend your whole summer working through all of the courses. Pace yourself throughout the summer to completed the assignment (quizzes and tests) to the best of your ability. Your teacher will be assessing you on this information once the school year begins.

### **Frequently Asked Questions:**

1) *When is my summer assignment due?*

Your summer assignment will be due the second week of school, **Tuesday, September 3rd.**

2) *How will my assignment be graded?*

The grading is based on the percent of completion you reached by the end of the summer (tests and quizzes). The assignment does not need to be completed in order. You can refer to the instructional videos that support the individual skills assigned if you need help in completing the assignments. All of your work (percent of completion, time spent, number of questions completed, skills attempted/mastered, and videos watched) is tracked by Khan Academy and provided to your teacher. Lastly, you will also be assessed on the summer assignment skills within the first couple of weeks of school and this will be part of your first quarter math grade. **In order to receive full credit you MUST get a grade of 70% or higher on all quizzes and tests in each section.** You can see your grade for each assignment by going to your PROFILE, and clicking "Assignments" after you have completed it.

3) *What if I get stuck and cannot master a particular skill?*

We suggest that you click on the video link for that skill/topic. Hopefully, the video instruction will help you to better understand the skill. If that still does not help and you feel you are stuck, then move on to another topic/skill. Your teacher will be able to see that you tried the skill, watched the video, and yet still struggled. This is helpful information for your teacher.

4) *What if I forget my password?*

We will not be able to help with password and username issues. You will need to click on the "forgot password" link on Khan Academy if necessary.

5) *What if I do not know which class I will be taking next year or what if I am taking two math courses?*

If you do not know which math course you will be enrolled in August 2019, enroll in the course for the upcoming grade (ex. If going into 7th Grade and not sure if you will be in Pre-Algebra or 7<sup>th</sup> Grade Math, then do the 7<sup>th</sup> Grade assignment). If you are enrolled in more than one math course, then you should do the summer assignment for the higher-level course (ex. If enrolled in both Geometry and Algebra 2, then do the Geometry assignment).

Feel free to e-mail, Mr. Franco ([Rfranco@materlakes.org](mailto:Rfranco@materlakes.org)), Ms. Sotolongo ([LSotolongo@materlakes.org](mailto:LSotolongo@materlakes.org)) or Mrs. Lyons ([Alyons@materlakes.org](mailto:Alyons@materlakes.org)) if you have any questions or concerns about the assignment. We wish you a safe, happy, relaxing summer and we look forward to seeing you in the fall!
